CHILDREN'S ART CLASS

The Children's Art class offers an environment that is creative, non-competitive and open-ended, allowing young artists the freedom to explore their own potential and nurture their self-esteem, while building a strong repertoire of techniques and skills. The class is driven by the imagination and curiosity of children, with a belief that children's artwork is connected to things that are relevant and meaningful in their lives. Children will be introduced to a wide range of art materials and art-making processes through painting, drawing, sculpture, printing, paper-mache, and mixed media. Age-appropriate art-history will be also introduced. This class will be taught only in English, a snack will be provided and all materials are included in the cost.
