

Music In Motion

Preschool is a sensible phase and the child is very curious and eager to experience music in all its forms. The voice is the instrument to communicate with others.

At this age children love to sing, dance and explore instruments. They are open to learn and learn in a playful way.

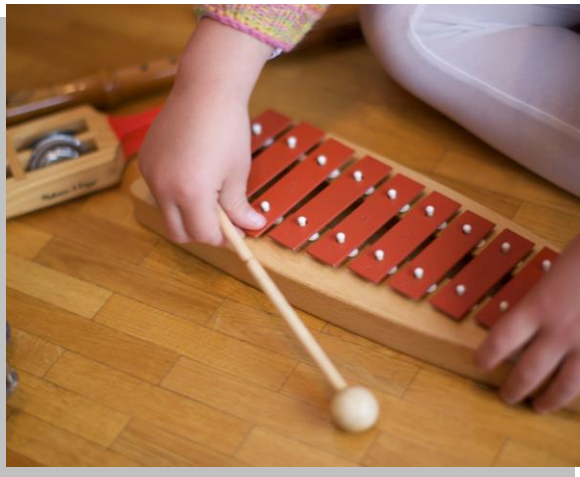

Your child will learn new songs and how to express music with his/her body following melodies and rhythms. His/her musical ear and coordination will develop. At the same time the concentration will improve.

Rhythm, tempo, dynamic and notation will be learned to understand music better. We will be also looking at Music in different cultures. How do they differ from each other? What influences formed styles?

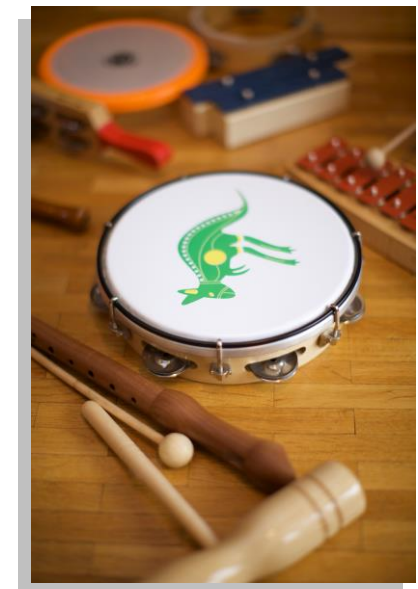

What are the links to the Fine Arts? Songs and dances will be used to explore the various music styles.

Below you can find the major benefits of enrolling your child in our *Music in Motion* (after-school) program as a tool for early childhood education:
